Dear Ms. Boyd:

The Orangeburg Department of Public Utilities is required to notify the Public Service Commission ("Commission") and the South Carolina Office of Regulatory Staff ("ORS") of natural gas construction projects with costs of \$500,000 or more, or that exceed 25,000 feet in length (See 26 S.C. Code Ann. Reg. 103-412.2.7 A). In compliance with the regulation, this letter serves as notification to the Commission that the Orangeburg Department of Public Utilities plans to install new pipeline consisting of approximately 67,600 feet of two (2) inch to four (4) inch medium density polyethylene pipe and 7,600 feet of eight (8) inch high density polyethylene pipe.

The Orangeburg Department of Public Utilities anticipates that construction of the natural gas pipeline will begin September 4, 2012. The Company anticipates that the total cost of this construction project will exceed \$500,000. By copy of this letter, we are also notifying the South Carolina Office of Regulatory Staff of the Company's construction project.

If you have any questions, please do not hesitate to contact me.

Very truly yours,
